Paper Shields 15c to 25c

Paper Festooning and Paper Fans

The Copper Queen Store

SHORT PERSONAL NOTES

Attorney A. R. English arrived in the city last evening from Tombstone on a business mission.

J. T. Palmerlee is in the city from the Huachuca Consolidated properties at Palmerlee.

Attorney George Neale returned to the city last evening from Tombstone. Frank Aley was a visitor in town yesterday, going to Naco in the evening.

Sam Suplee, the well known mining man, left last evening for a trip in the Huachuca.

Robert Rea, traveling auditor with Phelps-Dodge, returned to Douglas last night following a couple of days in town.

S. W. French was among business visitors in town yesterday from Douglas.

Dan Twomey returned yesterday from a vacation trip on the coast which included visits to Los Angeles and San Francisco. Mr. Twomey intended going to the Portland exposition, but was discouraged from doing so by the general reports current on the coast that the exposition was not near completed in its various features.

Meets Monday Afternoon—The City Council will meet Monday afternoon at 4 o'clock in its first session as a board of equalization. The meeting, it is expected, will be merely in formal obedience to the law requiring it, in which event adjournment will be immediately taken to a later date when the board will get down to work. The regular meeting of the council which falls due on Tuesday night will also

be merely a formal affair, adjournment being taken immediately on assembly to a later date.

Increased Business—Owing to heavy increase in business train No. 4 has been given a regulation baggage and express car, the combination formerly used having grown too small for the business to be handled daily. Smokers using the train have been left without a place by the change, but it is stated that a smoking car will shortly be put on the train.

Copper Queen Arrivals—B. F. Goodwin, San Francisco; T. A. Madden, Los Angeles; Jack Hoatson and wife, city; Garnett King, L. Barringer, El Paso; J. T. Palmerlee, Don Lewis, Palmerlee; J. Adler, San Francisco.

KING IS PROMOTED.

Becomes Traveling Agent for Phelps-Dodge Lines and Rock Island.

Announcement comes from El Paso of the appointment of Garnett King, traveling passenger agent with the E. P. & S. W., to be traveling passenger agent for that road, the E. P. & N. E. and the Rock Island, appointment becoming effective on the 15th of July. Eugene Fox, who has been traveling passenger agent with the E. P. & N. E. and Rock Island, is transferred by the same order to the coast, with headquarters at Los Angeles, as Rock Island representative there.

The changes mark promotions for both Mr. King and Mr. Fox. Mr. King, following assumption of his new duties, will travel Arizona and New Mexico, and will not be as frequent a caller in immediate Bisbee territory as he has been heretofore, a fact that many friends of the very capable and agreeable young man will regret, while at the same time finding pleasure in his advancement.

Some "punches" knock you out, but the "Arizona Punch," at Rinehart's Drug Store, brings you "too."

Just what the doctor ordered—"A Bisbee Snow Ball"—at Rinehart's Drug Store.

FIFTEEN FATALITIES

Marked Up as Result of Accidents in Pennsylvania

Emporium, Pa., June 28.—Nine men were killed and from twelve to fifteen others were injured by an explosion of a ton of dynamite today at the plant of the Emporium Powder company, three miles west of this place.

The dead men were all employed at the work. Several buildings were wrecked. Although some of the injured were seriously hurt, all are expected to recover.

Phillipsburg, Kan., June 28.—Eight persons were killed in the farming country north of Phillipsburg by a violent storm late this afternoon. The dead:

Daniel Weaver, farmer. Mrs. Alexander and two daughters. Mr. Morgan, a farmer. Morgan's hired man. Elmer Lamb. Unknown woman.

The houses of C. B. and M. Caswell were destroyed and the members of both families injured. The body of Elmer Lamb was found in the ruins of his house.

Says the Phoenix Enterprise: "There is a strong feeling among the taxpayers of Arizona that Governor Kibbey ought to reduce the Ranger force if not disband it entirely. While the force is doing good in several localities there can be no doubt, but we are of the opinion that the expense is far too great for the good accomplished."

If Governor Kibbey desires to make a saving of \$25,000 annually for the taxpayers of Arizona he can do so by cutting the Ranger force to one-half its size. In doing this he would not jeopardize the interests of Arizona.

QUIEN SABE THE TRIP

Will Be Made in a special Train to Buffalo

El Paso, June 28.—Across the continent in a special train, headed by the national band of another republic, the El Paso Elks' "Quien Sabe club," a marching organization 150 strong, every man a member of the antlered herd, forming the most unique crowd that ever attended a grand lodge meeting, will go from this city to Buffalo in the next few days. Many Douglas, Bisbee and other Arizona Elks are members.

The trip will cost the club \$20,000 and every cent has been raised among the members of the order, all of whom are professional and business men of this city and section, many of them being wealthy miners. The band is tendered complimentary to the organization by Sr. Don Miguel Ahumada, governor of the state of Jalisco, the commander of this famous musical organization of sixty-one pieces. He will send it to El Paso and from here the Elks will take it to Buffalo on their special.

This is the first time that a fraternal organization of this kind was ever complimented in this manner by a foreign government, and it will be the largest company of men in uniform ever sent such a great distance to attend a national convention of any sort.

The trip takes the members clear across the continent, from El Paso on the south, touching the borders of Mexico, to Buffalo on the north, touching almost the boundary line of Canada.

The trip will be unique in more ways than one. Every member of the special train crew will be an Elk and on the front of the locomotive which will haul the train will be a tremendous Elks' head of incandescent electric lights. At night it will be seen for miles and during the day it will divide attention with the unique banners which will cover the sides of the special car.

At every stop—Kansas City, St. Louis, Chicago, New York, and elsewhere—the club will parade the streets, distribute souvenirs, and the band will give a concert in some public square.

The uniforms of the marching club are of black broadcloth, trousers and bolero-jacket tight fitting, and trimmed in Mexican coins. The hats will be of sombrero type, with brims three feet across and the crowns a foot high, purple sashes will be the waist decoration, with silk shirts, black shoes and white gloves. Each man will carry a carved coffee wood cane.

The souvenirs to be distributed will consist of Mexican sombreros, carved canes, cigars, tequila, mescal and other liquors in small flasks.

On the sides of the special train will be banners telling the people about El Paso. "35,000 people and more coming; nine railroads and more building;" "El Paso, the greatest mining center of the southwest;" "El Paso, the headquarters of W. C. Greene, the Man Who Saw Lawson;" "The City Where the Sun Shines Every Day and Every House is a Brick House," are some of the legends that will grace the sides of the cars.

The marching club is under the presidency of Edward Kneezell, exalted ruler and designer of the \$50,000 home which the El Paso Elks are now erecting, with Harry B. Charman as captain and Fred J. Feldman as treasurer and general manager.

The club is not going to make any attempt to land the next national convention, but the trip is simply for pleasure and to show the world what El Paso can do. It will be the longest trip for the largest number of men ever made to a grand lodge meeting and the first time a national band of a foreign country ever made such a trip into the United States.

ELKS CHANGE ROUTE.

Will Travel by the Great Lakes to the Buffalo Gathering.

El Paso Elks have changed the route for the Quien Sabe Club excursion east from the T. & P. and Gould lines to Buffalo to the E. P. & N. E., Rock Island and Michigan Central roads.

Announcement was made of this yesterday, and those who have been booked throughout Arizona for the trip by the lines first considered will accordingly change their reservations if they wish to stay with the crowd. The change in routes will afford a much more agreeable trip east, the season of the year considered, as much heat will be escaped.

SCHOOL CHILDREN TO MEET.

Will Assemble at Central School Building This Afternoon for Fourth of July.

Professor Philbrook has called a meeting of the school children of the 5th, 8th and 9th grades, also the High School pupils, to meet at the Central School building this afternoon at 2 p. m. for the purpose of taking preparatory steps to participate in the Fourth of July exercises.

All children in the city belonging to these grades are requested to be present.

The parade committee has decided to leave the selection of a Goddess of Liberty for one of the floats on the Fourth to a committee of school girls composed of Elsa Toles, Edna Newman, Mary Studley and Ona Westcott.

Saloon Change—Lanhan, Wiley & Griffin are new proprietors at the Owl saloon on Main street adjoining the Turf. They purchased the business yesterday from Karlson & Krause. The consideration was not made public.

Regarding Wreck—Superintendent Hunter and Roadmaster McGregor, of the E. P. & S. W., were in the city yesterday relative to making arrangements for picking up of the freight wreck which occurred Tuesday in the Don Luis yard.
